Dear Dr. Battle,

This letter is an attempt to put into words how grateful I am for the drastic improvement in my health since I have been seeing you for the past 6 months. Looking back, I can see how bad I was. How can you put a dollar value on your health? The energy I have gained, the weight I have lost, the vast health improvements are apparent to every friend and acquaintance I have been in contact with for the past 6 months. Everyone that notices the changes in my health I brag enthusiastically about you and your wonderful staff of people.

When I first started seeing you, I was doubtful of the treatment I was receiving. But the food allergies that you identified made an immediate change in the elimination of my headaches and gained my faith.

You are unlike any doctor I have ever met and do not have a hidden agenda; you are truly interested in me & my health. I can tell this by your detailed questions you ask me at every visit. You and your staff is truly an angel from the Lord. Keep up the wonderful work. If anyone ever needs a reference please feel free to give my number out to anyone.

God Bless You,

Tim Rogers
